Hey Gary,

Thanks for your comments.

It shouldn't be a problem to break out the data as you requested.

I'll let you know if I have questions.

Thanks,
Daniel

Take a look at my comments. You may have to change the organization of the report based upon my previous comments. How the data was analyzed (water, oil, wastewater, sludge) is not how I think it should be organized. If we need to discuss, let me know. Here is my comments to the report.

Thanks
